Sky Watch Civil Air Patrol (NI) is an airborne observation charity which has been operating in the UK mainland for more than 12 years. We search for vulnerable, missing people, e.g. people with Alzheimers, children lost in sand dunes, people at risk of harming themselves, etc. We also observe and report to assist the NI Fire & Rescue Service by attending fires where wildlife and the environment need protection.

This year, among others, we have been involved in searches for missing people in the Belfast area, Craigavon area, Co Tyrone and the River Foyle. We also deployed the light aircraft over the Dromara hills in March to assist farmers locate missing livestock during heavy snow.

Sky Watch Civil Air Patrol (NI) uses a range of equipment for searches including a fixed-wing light aircraft, drones and helium balloons. Funds are required to help maintain and insure the aircraft, to update training needs for the crew and replace or update equipment for the aircraft and kit for the crew. Our present needs include the purchase of an infra-red camera (costing approximately £6,000) and a response vehicle (at around £25,000). Your purchase of this competition sheet is appreciated and your contribution will help to ensure that these expenses can be covered.
